Formerly  
Canadian Law Enforcement & Fire Games  
Shooting Events

# 01 August 2018

Rev 09 March 2018

# The Canadian 3-Gun Challenge (C3GC)

This is the 16<sup>th</sup> annual Canadian 3-Gun Challenge. It all started as the Shooting Events portion of the Canadian Law Enforcement & Fire Games. It's become a favorite among law enforcement, fire, military, security and EMS personnel.

The C3GC will be held Wednesday 01 August 2018.

We continue to run a program that allows us to fit all three events (pistol, tactical rifle and sniper rifle) into a single day and still keep them relevant for professionals, as well as allowing more shooters to get more shots down range.

- We are focused on matches that provide an intense shooting experience.
- We have selected only matches that allow the full relay on the firing line at one time.
- We will run as many of the matches as time allows.

There will be access to the ranges on the day prior to the event, from 1300 to 1600. Let us know if you plan to take advantage of this.

**Note: there will NOT be any additional sighting in on the day of the competition.**

All events of the program are operationally oriented, and the emphasis is on marksmanship skill. The program includes:

- Tactical Rifle,
- Duty Pistol, and
- Sniper Rifle.

In 2014, we added one standalone pistol match (Last One Standing) which we will continue to run. It will be fired in the late afternoon after the sniper matches are completed (and while stats are being prepared). The winner of this match will be recorded on the Peel Regional Police trophy.

Each of these events is described in general terms below. Rules for Tactical Rifle, Duty Pistol, and Sniper Rifle will follow the Operational Shooting Association (OSA) rules for operational shooting. For more information about OSA rules and events, visit [www.osacanada.ca](http://www.osacanada.ca).

## Accommodations

Book your accommodation well ahead as this is a tourist area. Local accommodations include:

- South Wind Motel - [www.southwindmotel.ca](http://www.southwindmotel.ca) - 6254 County Rd 121 (south of Minden, about 3 minutes north of our front gate) - Toll free 1-866-356-6835 - Local phone 705-286-2152
- Motel Minden – [www.motelminden.ca](http://www.motelminden.ca) - Hwy 35 in Minden near Tim Horton’s and the OPP (about 10 minutes north of our front gate) - Local phone 705-286-6900
- Pinestone Resort - [www.pinestoneresort.com](http://www.pinestoneresort.com) - 4252 County Rd. 21, Haliburton, Ontario (about 20 minutes northeast of our front gate) - Book on the website or call toll free 1-800-461-0357 – Local phone 705-457-1800
- Red Umbrella Inn - [www.redumbrellainn.com](http://www.redumbrellainn.com) - 1075 Red Umbrella Road, Twelve Mile Lake, Minden, Ontario (about 20 minutes north of our front gate) - Book on the website or call toll free 1-800-461-0316 - Local phone 705-489-2462

There are many more nearby accommodations – take a look at [www.haliburton-tourism.com](http://www.haliburton-tourism.com) for a directory. When you are calculating drive-time, our front gate is about 20 minutes southwest of Haliburton village, about 10 minutes south of Minden and about 5 minutes north of Kinmount.

## Location

The C3GC is held at the MilCun Training Center, near Kinmount, Ontario. We are located at 5163 County Road 121 – look for the red barn mailbox and the “slow moving vehicle” triangle. The GPS mapping has recently been improved and you may be able to find us by entering the town of “Minden Hills”, street of “County Road 121” and civic number “5163”. Or you can use our lat/long coordinates 44.82982 – 78.67919. Otherwise, use your GPS to find Kinmount, Minden or your accommodations, then follow the instructions below:

- From the South Wind Motel, travel south on CR 121 for 5.5 kms and turn right into our driveway.
- From Minden Motel, travel south on Highway 35/121, for 3.0 kms to the junction of Hwy 35 & CR 121. Turn left on CR 121 and travel south for 9.7 kms. Turn right into our driveway.
- From Pinestone Resort, travel west on CR 21 to Minden and then turn left on Hwy 35. Travel south through Minden for 4.6 kms then turn left onto CR 121. Travel south for 9.7 kms and turn right into our driveway.
- Coming from Kinmount, travel north on CR 121 for 6.1 kms and turn left into our driveway.

The cabin/classroom is about 3.5 kms from the highway. Always take the left fork in the gravel driveway. The driveway is narrow and winding – exercise caution when driving and yield to any oncoming traffic. The road speed limit on our driveway is maximum 20 kph, slower as conditions dictate (at night, when the road is wet, when there is traffic on the road). Expect to yield for deer in the early morning and at dusk. (About 400 meters in from the highway, you will pass our residence – this is not the cabin/classroom! Keep going for about another 3 kms.)

If you run into any difficulties, call our cell phones: Keith at 705-879-6564 or Linda at 705-879-6565.

## **Visitors to Canada**

Visitors bringing firearms to Canada are required to have the correct paperwork in place prior to crossing the border. Visitors can obtain information regarding the forms, instructions and fees by calling Canadian Firearms Centre at 1-800-731-4000 (toll free within Canada and the United States) or 506-624-5380 (outside of Canada and the United States) or visit their web site at [www.cfc-ccaf.gc.ca](http://www.cfc-ccaf.gc.ca).

## **Registration Information**

Competitors must pre-register (and pre-pay) for the Challenge. You can download the form at [www.milcun.com/whatsnew](http://www.milcun.com/whatsnew) or email us for a registration form [lindamiller@sympatico.ca](mailto:lindamiller@sympatico.ca). Once we've received your completed form and payment, your reservation will be confirmed. Registrations may be accepted on site, but space is limited (usually we cap out the entry at 50 competitors) and participation will be "first come, first served".

To ensure that you'll get an event t-shirt in your correct size, you must complete your registration not later than 30 June 2018.

## **Fees**

The prices are: \$65.00 for the first event/weapon, \$10.00 for each additional event/weapon (total \$85.00 to shoot all three weapons). The "world famous" hot lunch is \$15.00. Instructions for payment are on the registration form.

## Timetable

<b>Tuesday</b> 31 July	<b>Activity</b>	<b>Location</b>	<b>Comments</b>
1300-1600	Zeroing for all 3 guns	Maple Tree Range & Hill Top (600) Range	At pistol and rifle distances, to be organized on site
<b>Wednesday</b> 01 August	<b>Activity</b>	<b>Location</b>	<b>Comments</b>
	Zeroing for tactical rifle and sniper rifle	<b>CANCELLED</b>	
0700-0730	Competitor Check-In and Gate Registration	Cabin	
0730-0800	Range Safety Briefing & Target-Relay Assignment	Maple Tree Range	Must have safety briefing to compete. Be on time.
0800-1000	Tactical Rifle	Maple Tree Range	
1000-1200	Duty Pistol	Maple Tree Range	
1200-1300	Lunch Break	Cabin	
	BYO or buy a lunch on the range \$15.00		
1300-1600	Sniper Rifle	Hill Top (600) Range	
1600-1630	Duty Pistol	Maple Tree Range	Last One Standing
1630-1700	Prize Presentations	Cabin	

## Awards

Tactical Rifle – Medals will be given for high individual in each match. Tactical Rifle aggregate medals will be given for 1st, 2nd and 3rd place finishes, as well as for the top team\*.

Duty Pistol - Medals will be given for high individual in each match. Duty Pistol aggregate medals will be given for 1st, 2nd and 3rd place finishes, as well as for the top team\*.

Last One Standing (Duty Pistol) – your name on the Peel Regional Police trophy, plus a medal.

Sniper Rifle – Medals will be given for high individual in each match. Sniper Rifle aggregate medals will be given for 1st, 2nd and 3rd place finishes, as well as for the top team\*.

3-Gun Aggregate – A medal will be given for high individual in the 3-Gun Aggregate (Tactical Rifle, Duty Pistol and Sniper Rifle). If numbers warrant, 2nd and 3rd place medals will be awarded for individuals, as well as for the top team\*.

*Note that in order to balance the score values of all three guns, a percentage of each score may be applied to make up the aggregate.*

\* Teams are comprised of any two individual competitors who register as a team.

# **The Tactical Rifle Challenge**

## **Equipment and General Procedures**

Any rifle may be used. Magazines can be of any capacity and must be charged as per the match conditions (where specified). Competitors are responsible for bringing an adequate number of mags. Limited support equipment such as a spotting scope and a groundsheet may be used. Eye protection is strongly recommended; working electronic ear defenders are required.

Only the number of shots as prescribed in the match conditions may be fired. Targets can have only the number of hits IAW (in accordance with) the match conditions. When carrying out scoring duties, the scorer must first count the number of hits on each target. If the competitor fires excess rounds, the following procedure will apply: remove (patch out) a shot of the highest score for each excess hit until the required number of hits remain. Then score the target following normal procedures. (If you receive a cross-fire, the low-high rule applies.)

Except where match conditions state otherwise, each exposure will begin from the "low ready" position. This position calls for the butt of the rifle on the shoulder and the rifle held low enough for the shooter to be looking over the sights.

Except where match conditions state otherwise, each exposure will begin with a short audible signal and end with a one-second audible signal. Shots may be fired during either signal. Shots fired before or after the signal will result in a 5-point penalty per shot so fired.

## **Ammunition**

Any ammunition may be used that is suitable for the weapon. Each competitor needs 100 rounds to shoot the Tactical Rifle matches. Competitors should bring extra ammunition for the sighting period, re-shoots or shoot-offs.

## **Course of Fire**

Sighting Shots – may be fired during the sighting period from 0600 to 0700. No further sighting shots will be accommodated.

Targets are described at the end of this brochure.

## **Tactical Rifle 1 – CQB Mayhem**

Distance:	25 meters
Position:	Standing
Number of Shots:	20 (2 x 10 round mags)
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Snap/rapid fire
Rate of Fire:	As required
Number of exposures:	6
Time Limit:	3 seconds per exposure
Scoring:	V, 5, 4 (only 10 hits on each target will score) and
HPS:	100-20V

The relay will form up on the 25-meter firing line and be given the command to “load”. After the command, “watch and shoot”, the relay will receive 6 x 3-second exposures. Shots fired after the audible signal to end an exposure will be assessed a penalty of 5 points per shot so fired.

## **Tactical Rifle 2 – “Now He Sees Me” Snap**

Distance:	50 meters
Position:	Standing and kneeling
Number of Shots:	20
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Double-tap snap
Rate of Fire:	4 shots per exposure
Number of exposures:	5
Time Limit:	10 seconds per exposure
Scoring:	V, 5, 4, and 3
HPS:	100-20V

The relay will form up on the 50-meter firing line and be given the command to “load”. After the command, “watch and shoot”, the relay will receive 5 x 10-second exposures.

- For exposure 1, the competitor will have 10 seconds to fire 2 shots at one target from the standing position and then immediately go to kneeling and fire 2 shots on the second target. He is to remain in the kneeling position in preparation for the next exposure.
- For exposure 2, the competitor will have 10 seconds to fire 2 shots at one target from the kneeling position and then immediately go to standing and fire 2 shots on the second target. He is to remain in the standing position in preparation for the next exposure.

- For exposure 3, the competitor will have 10 seconds to fire 2 shots at one target from the standing position and then immediately go to kneeling and fire 2 shots on the second target. He is to remain in the kneeling position in preparation for the next exposure.
- For exposure 4, the competitor will have 10 seconds to fire 2 shots at one target from the kneeling position and then immediately go to standing and fire 2 shots on the second target. He is to remain in the standing position in preparation for the next exposure.
- For exposure 5, the competitor will have 10 seconds to fire 2 shots at one target from the standing position and then immediately go to kneeling and fire 2 shots on the second target.

Only 10 hits on each of the MilCun body targets will count for score. Shots fired after the audible to end the exposure will be assessed a penalty of 5 points per shot so fired.

### **Tactical Rifle 3 – Containment**

Distance:	75 meters
Position:	Standing and kneeling
Number of Shots:	20 (2 x 10-round mags)
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Timed deliberate fire
Rate of Fire:	As required
Number of exposures:	1
Time Limit:	5 minutes
Scoring:	V, 5, 4, and 3 (only 10 hits on each target will score)
HPS:	100-20V

The relay will form up on the 75-meter firing line and be given the command to “load”. After the command, “watch and shoot” and the audible to start the exposure, the relay will have 5 minutes to fire 10 shots at one target from the standing position, change magazines and fire 10 shots from the kneeling position at the other target. Only 10 hits on target will count for score. Shots fired after the audible to end the exposure will be assessed a penalty of 5 points per shot so fired.

### **Tactical Rifle 4 - Advancing Fire**

Distance:	125 to 15 meters
Position:	In accordance with each stage
Number of Shots:	40
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Rapid fire

Rate of Fire: 8 shots at each distance (4 shots at each target)  
Number of exposures: 5  
Time Limit: As per each stage  
Scoring: V, 5, 4, and 3  
HPS: 200-40V

- Stage 1 at 100 meters – 1 x MilCun body target and 1 x Center-Mass target – from 125 meters, 30 seconds to run forward to 100 meters, adopt prone position and fire 8 shots, 4 at each target;
- Stage 2 at 75 meters 1 x MilCun body target and 1 x Center-Mass target - from 100 meters, 30 seconds to run forward to 75 meters, adopt sitting position and fire 8 shots, 4 at each target;
- Stage 3 at 50 meters – 1 x MilCun body target and 1 x Center-Mass target – from 75 meters, 30 seconds to run forward to 50 meters, adopt kneeling or squatting position and fire 8 shots, 4 at each target;
- Stage 4 at 25 meters – 1 x MilCun body target and 1 x Center-Mass target - from 50 meters, 30 seconds to run forward to 25 targets, adopt standing position and fire 8 shots, 4 at each target; and
- Stage 5 at 15 meters – 1 x MilCun body target and 1 x Center-Mass target - from 25 meters, 15 seconds to run forward to 15 meters, adopt standing position and fire 8 shots, 4 at each target.

Each stage of the advance will start on command of the RO. During the advance, safety catches must be applied and at all times, rifles pointed downrange. At each distance, 4 shots are to be fired at each of 2 targets. There will be a minimum 15 seconds between exposure times. The start of each exposure is to be from the firing position last used. All exposures will start on a short audible and end on a audible of 1 second. A 5-point penalty will apply to shots fired after an exposure. Only 20 shots on each target will count for score.

## Tactical Rifle Match Summary

Match	Rds	Range	Position	Shots	Time	Target
Tac Rifle 1	20	25	Standing unsupported	20 from 2x10 rd mags	6x3-sec exposures	1 x body 1 x CM
Tac Rifle 2	20	50	Standing & kneeling unsupported	4 shots /exp	5x10-sec exposures	1 x body 1 x CM
Tac Rifle 3	20	75	Standing & kneeling unsupported	20 shots /exp	1x5-min exposure	1 x body 1 x CM
Tac Rifle 4	8	125 - 100	Move forward to prone	4 shots at each target	30 secs	1 x body 1 x CM
	8	100 - 75	Move forward to sitting	4 shots at each target	30 secs	
	8	75 - 50	Move forward to kneeling	4 shots at each target	30 secs	
	8	50 - 25	Move forward to standing	4 shots at each target	30 secs	
	8	25 - 15	Move forward to standing	4 shots at each target	15 secs	

# **The Duty Pistol Challenge**

## **Equipment and General Rules**

Any tactically oriented pistol or revolver. (Race guns are welcome to shoot for honors.) Magazines can be any capacity, and may be used as per the competitor's discretion. Competitors are responsible to bring an adequate number of mags or speed loaders IAW match conditions. Pouches are recommended. Eye protection is strongly recommended; working electronic ear defenders are required. All competitors must be holster-qualified.

Only the number of shots as prescribed in the match conditions may be fired. Magazines are changed as required. Targets can have only the number of hits IAW the match conditions. When carrying out scoring duties, the scorer must first count the number of hits on each target. If the competitor fires excess rounds, the following procedure will apply: remove (patch out) a shot of the highest score for each excessive hit until the required number of hits remain. Then score the target following normal procedures. (If you receive a cross-fire, the low-high rule applies.)

Except where match conditions state otherwise, each exposure will begin from the "low ready" position. This position calls for both elbows to be touching the body. Except where match conditions state otherwise, each exposure will begin with a short audible signal and end with a one-second audible signal. Shots may be fired during either signal. Shots fired before or after the signal will result in a 5-point penalty per shot.

There is no coaching allowed during the competition.

## **Ammunition**

Any full power loads suitable for the weapon being used. Competitors need 92 rounds for the individual matches. For Last One Standing, competitors are eliminated after each 10 shots, winners need about 50 rounds. Competitors should bring extra ammunition for re-shoots or shoot-offs.

## **Course of Fire**

Competitors are expected to arrive with their pistols zeroed. No sighting shots will be accommodated during the competition period. Targets are described at the end of this brochure.

## **Pistol 1 – 10-Meter Attack**

Distance:	10 meters
Position:	Standing
Number of Shots:	20
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Double tap
Rate of Fire:	2 shots only per exposure
Number of Exposures:	10
Time Limit:	10 x 2-second exposures
Scoring:	V, 5, 4, 3
HPS:	100-20V

The competitor will be given the Command to “load”. On the command “Watch and shoot” adopt the “low alert” position. On a continuous 2-second audible signal, engage either body target with 2 rounds. Shots are fired only during the audible signal. After five exposures the competitor will switch to the second target and engage it for the next 5 exposures so that there are 10 shots on each target.

## **Pistol 2 – Strong Hand, Support Hand**

Distance:	10 meters
Position:	Standing
Number of Shots:	20
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Double tap
Rate of Fire:	2 shots only per exposure
Time Limit:	10 x 5-second exposures
Scoring:	V, 5, 4, 3
HPS:	100-20V

The competitor will be given the load. On the command “Watch and shoot” adopt the “low alert” position with the pistol in the strong hand only (not supported by the support hand) and return to this position for each exposure. On a short audible signal, engage one of the targets with 2 rounds. Either target may be engaged first. The exposure will end with a one-second audible signal, starting one second before the exposure time has elapsed. Shots may be fired during either audible signal. After five exposures, switch to the other target and switch the pistol to the support hand only (not supported by the strong hand). Adopt the “low alert” position and return to this position for each exposure. Only 10 shots on each target will count for score. The competitor will change magazines as required using both hands.

### **Pistol 3 – Keep Shooting**

Distance:	15 meters
Position:	Standing
Number of Shots:	24 (4 x 6-round magazines)
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Rapid
Rate of Fire:	Shots may be fired at any rate during the time limit
Time Limit:	2 x 15-second exposure
Scoring:	V, 5, 4, 3
HPS:	120-24V

The competitor will be given the load. On the command “Watch and Shoot” adopt the “low alert” position. On a short audible signal, engage one of the targets with 6 rounds (run the gun dry), change magazines and engage the other target with 6 rounds. Either target may be engaged first. The exposure will end with a one-second audible signal, starting one second before the exposure time has elapsed. Shots may be fired during either audible signal. This will be repeated for the second exposure.

Only 12 shots on each target will count for score. Two 6-round magazines must be used for each exposure.

### **Pistol 4 – Two on One**

Distance:	15 meters
Position:	Standing
Number of Shots:	20
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Double-tap snap
Rate of Fire:	Four shots only per exposure
Time Limit:	5 x 6-second exposures
Scoring:	V, 5, 4, 3
HPS:	100-20V

The competitor will be given the load. On the command “Watch and shoot” adopt the “low alert” position. On a short audible signal, engage one target with 1 shot only, the other target with two shots only and then the first target with one more shot. This procedure will continue for a total of 5 exposures. The exposure will end with a one-second audible signal, starting one second before the exposure time has elapsed. Shots may be fired during either audible signal. Only 10 shots on each target will count for score. The competitor is to change magazines as required.

## **Pistol 5 – Long Range (25 m)**

Distance:	25 meters
Position:	Prone, sitting, kneeling and standing
Number of Shots:	20 (from 4 x 5-round magazines)
Target:	1 x MilCun body target and 1 x Center-Mass target
Type of Fire:	Deliberate fire
Rate of Fire:	Shots may be fired at any rate during the time limit
Time Limit:	1 x 5-minute exposure
Scoring:	V, 5, 4, 3
HPS:	100-20V

The competitors will cover off their targets at the 25-meter firing mound. The command to “Load” will be given. On the command “Watch and shoot” adopt the “low alert” position. On a short audible signal, adopt the prone position and fire 5 shots at one of the targets. Without further instruction, adopt the sitting position and fire 5 shots at one of the targets. Without further instruction, adopt the kneeling position and fire 5 shots at one of the targets. Without further instruction, adopt the standing position and fire 5 shots at one of the targets. Once all firing is complete or the 5-minute time limit has expired, the RSO will end the match. When required the match will end with a one-second audible signal, starting one second before the exposure time has elapsed. Shots may be fired during either audible signal. Only 10 shots on each target will count for score. At any time the competitor comes out of the aim below the “high alert” position, he must remove his finger from the trigger and locate it along the trigger guard.

## **Pistol – Last One Standing**

Distance:	5 and 10 meters
Position:	Standing
Number of Shots:	As required
Target:	Little Black Square – about 65 mm square
Type of Fire:	As required
Time Limit:	At 5 meters – Stage 1 in 2 minutes, Stage 2 in 1 minute and Stage 3 in 30 seconds. At 10 meters – 10 seconds per shot for the first 3 shots and 5 seconds per shot for the next 3 shots and 3 seconds per shot until the match is decided.
Scoring:	Only shots in the aiming mark will count
HPS:	Match winner

The aim of this match is to have the competitor experience and successfully deal with the stress felt in making each shot count.

- In Stage 1 at 5 meters – each shooter will have 2 minutes to fire 10 rounds. Only those shooters with all hits (on or touching the black square) will continue to Stage 2. All competitors are to complete Stage 1 before any competitors are called to fire Stage 2.
- In Stage 2 at 5 meters – each shooter will have 1 minute to fire 10 rounds. Only those shooters with all hits (on or touching the black square) will continue to Stage 3. All competitors are to complete Stage 2 before any competitors are called to fire Stage 3.
- In Stage 3 at 5 meters – each shooter will have 30 seconds to fire 10 rounds. Only those shooters with all hits (on or touching the black square) will continue to Stage 4 at 10 meters. All competitors are to complete Stage 3 before any competitors are called to fire Stage 4 at 10 meters. If there are more qualifying shooters than there are targets, Stage 3 is repeated until the appropriate numbers are remaining.
- At 10 meters the shooting will be “sudden death”. Each of the remaining shooters will fire one shot. Those who do not hit the aiming mark will retire. Those who do will, under the command of the Range Officer, again fire one shot and continue in this manner until there is a winner decided. If at any time all shooters do not hit the aiming mark, then everyone will remain for another shot.

## Pistol Match Summary

Match	Shots	Dis- tance	Position	Type of Fire	Target
Pistol 1 10 Meter Attack	20	10	Standing	10 x 2-sec exp 2 shots per exp	1 x body 1 x CM
Pistol 2 Strong, Support	20	10	Standing	10 x 5-sec exp 2 shots per exp	1 x body 1 x CM
Pistol 3 Keep Shooting	24	15	Standing	2 x 15-sec exp (2x6-rd mags per exp)	1 x body 1 x CM
Pistol 4 Two on One	20	15	Standing	5 x 6-sec exp 4 shots per exp	1 x body 1 x CM
Pistol 5 Long Range	20	25	Prone, sitting, kneeling, standing	1 x 5-min exp (4x5-rd mags)	1 x body 1 x CM
Pistol Last One Standing	10 per stage	5, 10	Standing	Timed	1 x black square

# **The Sniper Rifle Challenge**

## **Equipment and General Procedures**

Any rifle may be used. Competitors will shoot individually (as opposed to pairs). Support equipment such as spotting scopes, groundsheets, bipods and rear bags (rabbit-ear bags) may be used in accordance with match conditions.

All prone matches may use support front and rear that is practical for operations, e.g., bipod and rabbit ear bag. A small, operationally-appropriately wind indicator may be used at the firing point. Eye protection is strongly recommended; working electronic ear defenders are required.

Each relay will shoot both matches at each distance before rotating. Targets can have only the number of hits IAW the match conditions. When carrying out scoring duties, the scorer must first count the number of hits on each target. If the competitor fires excess rounds, the following procedure will apply: remove (patch out) a shot of the highest score for each excessive hit until the required number of hits remain. Then score the target following normal procedures. (If you receive a cross-fire, the low-high rule applies.) Targets will be scored by a stats officer in the butts; competitors may review their targets following the matches.

## **Ammunition**

Any ammunition may be used that is suitable for the weapon. Each competitor needs 44 rounds to shoot the Sniper Rifle matches. Competitors should bring extra ammunition for sighters, re-shoots or shoot-offs.

## **Course of Fire**

Sighting Shots – may be fired during the sighting period from 0600 to 0700. No further sighting shots will be accommodated except where they are part of the match conditions.

Targets are described at the end of this brochure.

## Sniper 1 - 200-meter Rapid Follow-Up

Distance:	200 meters
Position:	Prone
Number of Shots:	Two sighters and ten on score
Target:	2 x MilCun General Training Targets (GTTs), superimposed on a hand-held backer
Scoring:	V, 5, 4, 3
Type of Fire:	Snap shooting
Rate of Fire:	One shot at each GTT during each exposure
Time Limit:	5 exposures of 8 seconds
HPS:	50-10V

Both GTTs will be placed on a hand-held backer so that one target is located in the upper right area and the other is located in the lower left area. The RO will give the command to “load”. Once the sighters are complete, the RO will give the cautionary command of “Watch and shoot... watch and shoot”. During each exposure the competitor is to fire one shot at each GTT. The competitor may fire more than 2 shots per exposure up to a maximum of 10 shots and only 5 shots on each target will count for score. The butt staff will be instructed to monitor the sequence of shots to ensure each GTT has been fired at during each exposure. On the completion of the match, indicators will be placed in each shot hole and shown for 20 seconds. Scoring will be done by stats in the butts. Only 5 shots on each GTT will count for score.

## Sniper 2 - 200-meter Rapid

Distance:	200 meters
Position:	Prone
Number of Shots:	No sighters - ten on score
Target:	2 x MilCun General Training Targets, superimposed on a hand-held backer
Scoring:	V, 5, 4, 3
Type of Fire:	Rapid fire
Rate of Fire:	As required
Time Limit:	1 x 70-second exposure
HPS:	50-10V

There will be no sighting shots. The RO will give the command to “load” and the cautionary command of “Watch and shoot... watch and shoot”. The relay will then receive 1 x 70-second exposure. The competitor must fire 5 shots onto each target and only 5 shots on each target will be scored. On the completion of the match,

indicators will be placed in each shot hole and shown for 20 seconds. Scoring will be done by stats in the butts.

### **Sniper Match 3 - 300-meter Snap**

Distance:	300 meters
Position:	Prone
Number of Shots:	Two sighting and ten on score
Target:	2 x MilCun General Training Targets, superimposed on a hand-held backer
Scoring:	V, 5, 4, 3
Type of Fire:	Snap shooting
Rate of Fire:	May fire more than 1 shot per exposure, up to a maximum of 10 shots for the match
Time Limit:	10 x 3 second exposures
HPS:	50-10V

The RO will give the command to “load”. Once the sighters are complete, the RO will give the cautionary command of “Watch and shoot... watch and shoot”. The relay will then receive 10 x 3-second exposures. Although both targets are exposed each time, only one shot is required for each exposure. Each target must be hit no more than 5 times. The competitor may fire more than 1 shot per exposure up to a maximum of 10 shots for the match. On the completion of the match, indicators will be placed in each shot hole and shown for 20 seconds. Scoring will be done by stats in the butts.

### **Sniper 4 - 300-meter Rapid**

Distance:	300 meters
Position:	Prone
Number of Shots:	No sighters - ten on score
Target:	2 x MilCun General Training Targets, superimposed on a hand-held backer
Scoring:	V, 5, 4, 3
Type of Fire:	Rapid fire
Rate of Fire:	As required
Time Limit:	1 x 70-second exposure
HPS:	50-10V

There will be no sighting shots. The RO will give the command to load and the cautionary command of “Watch and shoot... watch and shoot”. The relay will then receive 1 x 70-second exposure. The competitor must fire 5 shots onto each target

and only 5 shots on each target will be scored. On the completion of the match, indicators will be placed in each shot hole and shown for 20 seconds. Scoring will be done by stats in the butts.

### Sniper Rifle Match Summary

Match	Shots	Range	Position	Type of Fire	Timing	Target
Sniper 1 Rapid Follow Up	2+10	200	Prone	1 shot at each target per exposure	5 x 8 seconds	2 x GTT
